CREATE YOUR OWN SECURE STORAGE

Create your own secure storage solution for your SUV squad fleet!

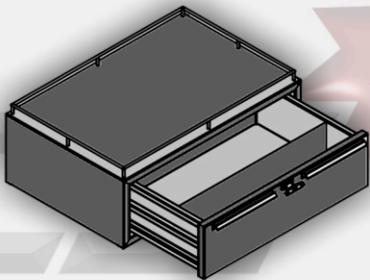

Step One - Determine your need

- * What will be stored?
- * What type of vehicle (SUV) are you outfitting?
- * How much room is available in the cargo area?
- * Where is the spare tire and access point located?
- * Is a lift system needed to access spare tire or spare tire release?

Step Two - Design your storage box

- * How many drawers are needed?
- * Are drawer dividers needed?
- * How much will your stored items weigh?
- * Are heavy-duty drawer slides required?
- * Do the drawers need to be felt lined?

Standard Storage Box

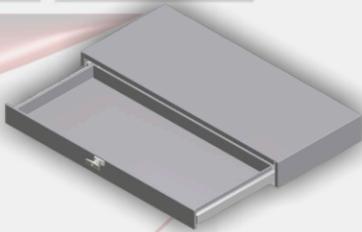

Note: A tie down rail comes standard with the storage box but must be removed if a gun drawer is applied to ensure safe operation of the vehicle. Illinois Correctional Industries cannot be held liable for any item stored on top of the box that impairs a clear rear view of the vehicle when in operation.

Please Contact ICI for pricing and ordering details

CREATE YOUR OWN SECURE STORAGE

Step Three - Will you be storing long guns such as shotguns, rifles, AR-15's etc.?

- * If so, then add a rifle storage drawer on top of your storage box.
- * Standard features include felt drawer lining, T-handle lock keyed to match the storage box.

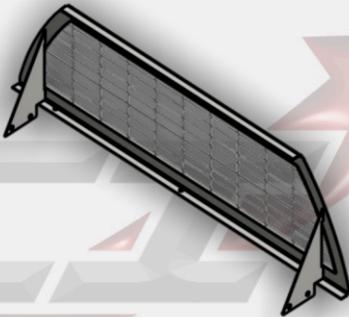

Gun Drawer

Note: A tie down rail cannot be used with both the standard storage box and gun storage drawer. The combined height impedes the drivers rear view. Illinois Correctional Industries cannot be held liable for any item stored on top of the box that impairs a clear rear view of the vehicle when in operation.

Step Four - Determine if a security screen is needed?

- * This feature separates the cargo area from the rear passenger area of the vehicle.
- * Fastens to the top of either the standard storage box or the gun drawer/storage box combination.
- * This feature is optional.

Security Screen

Note: Customer accepts full liability and responsibility when this option is not exercised in conjunction with top storage rail. Illinois Correctional Industries cannot be held liable for any item stored on top of the storage box that impairs a clear rear view of the vehicle when in operation or becomes a projectile should the squad be involved in a crash.

- Modifications or attachments to the product made by anyone other than ICI.
- Products that were not installed properly in accordance with manufacturer instructions.
- Products not used or maintained in accordance with manufacturer instructions and warnings.
- Products used for rental purposes.
- Abuse, misuse of product, or accidents.
- Items requiring normal maintenance by owner in accordance with manufacturer instructions, including but not limited to laundry, polishing, and or cleaning that may or may not affect the appearance or finish of the product.
- Product finishes unprotected and exposed to outdoor elements including but not limited to UV light, acid rain, and chemicals.

TO THE EXTENT ALLOWED BY LAW, ILLINOIS CORRECTIONAL INDUSTRIES MAKES NO OTHER WARRANTY, EITHER EXPRESSED OR IMPLIED. ILLINOIS CORRECTIONAL INDUSTRIES WILL NOT BE LIABLE FOR ANY CONSEQUENTIAL OR INCIDENTAL DAMAGES.

WORKING TRANSFORMING SUCCEEDING

WORKING TRANSFORMING SUCCEEDING

Fact: Since 1976, ICI has been manufacturing products inside Illinois correctional centers for the purpose of rehabilitating offenders. Each offender employed by ICI learns marketable work skills and valuable work ethics required to gain employment upon release. Every offender who gains employment and does not return to prison reduces the recidivism rate for Illinois and reduces the tax burden placed on its citizens to house, clothe and feed incarcerated offenders.

ICI provides goods and services to state agencies, schools, universities, park districts, county jails, townships and municipalities.
