WORKING TRANSFORMING SUCCEEDING

**Fact:** Since 1976, ICI has been manufacturing products inside Illinois correctional centers for the purpose of rehabilitating offenders. Each offender employed by ICI learns marketable work skills and valuable work ethics required to gain employment upon release. Every offender who gains employment and does not return to prison reduces the recidivism rate for Illinois and reduces the tax burden placed on its citizens to house, clothe and feed incarcerated offenders.

ICI provides goods and services to state agencies, schools, universities, park districts, county jails, townships and municipalities.
